EST. 1925

SCOUT RESERVATION

Treasure Valley has become a camp that we are proud to call home. Many thanks goes out to the numerous committed volunteers who take their time to come out for a week or more to assist with our wonderful program for our Scouts! Without the help from our many volunteers, Council support, fabulous Staff, and incredible campers, the camp would not be successful. We are blessed with an abundance of caring individuals.

I am very pleased to return to TVSR as Camp Director. I pledge to continue to bring positive change and growth to the Valley. It has been a pleasure serving you. I have listened to many insightful suggestions regarding camp throughout the years. With the ongoing commitment from Council, we have been able to act on many of them and continue to look to the future. I am always open to new ideas and ways to implement them. Please do not hesitate to speak with me.

Eagle Week is a program that our older Scouts can enjoy this summer during the fifth week. We look forward to providing fun and interesting program to keep Scouts of all ages engaged. The one thing TVSR is known for is, never being without something to enjoy. Volley ball, basketball, disc golf, fishing, free boating, swimming, rifle, tomahawk, knife throwing and archery are all ways to enjoy some free time at camp. COPE and climbing are open to those 13 and older. Challenge yourself to see what you can offer to the team and your own personal growth. Adults are welcomed to place their name on the roster if a spot is available. Adult COPE experience night is a great way to come find out what COPE can offer you and your unit, come by and enjoy the experience. We are happy to finally open the Clivus bathrooms across from Magee Visitor Center.

We will continue to provide you with a great dining experience this year. We look forward to keeping some of the favorites as well as offering some new additions to the menu which we think the Scouts will enjoy. The salad bar, milk chest, and unlimited coffee will definitely be part of the dining hall repertoire. As always, we strive to assist those who have specific medical or religious dietary concerns. Please send your needs to us in an email and we will work with you and Scoutmaster to meet your needs. This year marks a growth year, we will have outdoor dining for the entire camp this summer as we have the great issue of too many campers for our dining hall. This will be totally tented and work quite well. We are excited to embark on this journey as it will lead us closer to constructing a well anticipated dining hall in the future! Thank you for attending TVSR to help make this a reality, our numbers demonstrate the need and our trustees and board are watching closely. In-site cooking remains a hallmark of TVSR and is available for units who wish to utilize this option. Please remember that all food is only distributed from our kitchen per MA state law. Exceptions must be approved by the Camp Director and Oakham Board of Health. Please contact me if there is a medical situation that requires specific outside food. I am happy to work with SM and parents to make the week the best it can be for Scouts.

Along with our daily Scoutmaster coffees, I look forward to seeing you at the all-important Monday night pre-camp meeting. Please bring all completed medical forms to this meeting to be reviewed by our Health Officer for any concerns or missing information. Our health officer will keep these forms to compile needed information for your week at camp. This is the time for any last minute questions for camp concerning anything from program changes to medical re-check issues

We are on two years straight without any Scouts leaving camp due to homesickness! This is greatly due to everyone's commitment to the Scouts. Scoutmasters, parents and Staff all worked together. It was a truly wonderful thing to see. The TVSR Staff and I are committed to helping all Scouts enjoy their experience. Scoutmasters were extremely helpful in early detection of a Scout who may have had some issues. Parents were amazing in supporting camp by trusting in their Scout, Troop leadership and Camp to support their son in his growth and development in the program. Together we make an amazing team to provide the best that Scouting can offer, a great summer camp experience! If any parents have questions regarding camp operation, please do not hesitate to have them contact me.

Please read through this guide in its entirety. Please note the changes made to the dispensing of medication. My Staff and I are very excited to offer a great program! Thank you for choosing Treasure Valley!

Health and Safety

General Health and Safety

Treasure Valley Scout Reservation employs full time health professionals that are licensed by and meet all requirements of the Commonwealth of Massachusetts. **NO PHYSICALS CAN BE GIVEN AT CAMP!**

Medical Exam

All campers, leaders, and staff under 40 years old must have a physical examination within the year prior to the arrival to camp. **All forms must be updated and signed annually by personal physician.** Any staff or leaders ≥ 40 years old need to have a physical within one year of arrival to camp. All must submit their Health and Medical Record filled out completely and signed by an MD and by a parent or guardian (for those under the age of 18). Current medical forms must be on file to attend TVSR.

This is a MA state Law as well as a BSA Policy, we cannot make exceptions. This is why we ask Scoutmasters to make certain that their unit, adults and boys alike have their forms ready prior to camp.

Medical Forms

All adults, campers and staff must have a physical within the year prior to camp. All must submit completed health and medical record form signed by a physician and parent (for those under age 18). Boys and leaders must be denied participation at Treasure Valley without the proper medical record. Parent helpers in camp for not more than 24 hours must fill out the front page of the medical form, sign the form last page, and check into camp with the camp health officer. Adult volunteers who will be in camp for less than 24 hours must fill out the front page of the medical form and sign it on the last page. They must check with the Health Officer on arrival. **Parts A, B and C of the National Health Form are required to attend camp!**

Medical Rechecks

All campers and leaders must attend the medical recheck on Sunday to complete check in.

Medications: *ALL Scouts must be accompanied by an Adult leader for all Medication dispensing*, the leader will initial with the Health officer the med log for each scout. It is the responsibility of the Scout and Unit Leader to have the Scouts receive their medication. Medication dispensing is delivered around each meal time and very efficient. If there is a medication that needs to be taken between regular dispensing times, that will be arranged with the Health Officer. Evening medication dispensing is held at East Lodge, times will be made known to leaders and Scouts. All the times will be posted in the camp sites as well as at East Lodge.

In compliance with state regulations, all prescription and OTC medications brought to camp must come in their **original containers, and permission must be given on the medical form authorizing the camp medical officer to dispense the medications.** The camp health officer must hold **ALL** medications (including over the counter medications), excluding inhalers and epi-pens as dictated by physicians

Health Lodge

The Health Lodge is intended for the temporary care of sick or injured campers, leaders, and staff. A resident health officer is always on duty, and a physician is always on call. The Health Officer is normally at the East Lodge before and after mealtime to dispense medications. East Lodge will be used as a day time Health Lodge for proximity to the campers, during program hours this is where. If there is an emergency at night, all are instructed to visit the health lodge residence. There will be a schedule made to instruct all regarding medication and proper protocol.

Injuries

All injuries and illnesses of any type must be reported to the Camp Office (Magee Center) who will contact the Health Officer. Please do not just go to the health lodge as that can waste precious time in an emergency. The health officer may be out within camp.

Medical Treatment

Campers in need of treatment beyond that provided at the Health Lodge will be seen at a facility to be determined by the Health Officer and/or the Scout's parents. In most cases, the Scoutmaster or an adult assistant will be responsible for providing transportation. Leaders must not take campers out of camp to seek medical attention without the knowledge of the camp health officer.

Swim Classification Procedures

The swim classification of individuals participating in a Boy Scouts of America activity is a key element in both Safe Swim Defense and Safety Afloat. The swim classification test is renewed annually, preferable at the beginning of each outdoor season.

All persons participating in BSA aquatics are classified according to swimming ability. The classification tests and procedures have been developed and structured to demonstrate a skill level consistent with the circumstances in which the individual will be in the water. The Swimmer's check demonstrates the minimum level of swimming ability for recreational and instructional activity in a confined body of water with a maximum of 12-foot depth and with shallow water footing or a pool or pier edge always within 25 feet of the swimmer.

The various components of each test evaluate the several skills essential to the minimum level of swimming ability. Each step of the test is important and should be followed as listed below: **(intended to ensure a fun safe experience)**

Swimmers Test

Jump feet first into water over the head in depth, level off, and begin swimming. Swim 75 yards in a strong manner using one or more of the following strokes: side stroke, breast stroke, trudgen, or crawl; then swim 25 yards using an easy resting back stroke. The 100 yard swim must be continuous and include at least one sharp turn. After completing the swim, rest by floating.

Beginner's Test

Jump feet first into water over the head in depth, level off, swim 25 feet on the surface, stop, turn sharply, resume swimming as before, and return to starting place.

Waterfront Safety

The waterfront is one of the most popular areas in camp. At the waterfront, our main focus is the safety of campers, leaders, and staff. The following rules must be followed:

1. The Camp Health Officer issues buddy tags only to those whose medical exams indicate that they are physically fit for swimming.
2. Those who wish to use the waterfront must take the Swim Classification Test.
3. Each adult leader should participate in the Safe Swim Defense Plan class.
4. Everyone must wear footwear to and from the waterfront area.
5. The waterfront area may only be entered with the permission of the staff and a proper buddy tag.
6. The Buddy System is used for all water activities. Buddies must stay within 10 ft of each other.

7. Troop swims must be conducted using the Safe Swim Defense Plan and only with the Waterfront Director's permission.
8. Swimming is allowed at the Carr waterfront only (East side).
9. Good discipline will be enforced at all times. Running, pushing, and horseplay are not permitted.

**The Waterfront Director has complete authority for the operation,
safety and interpretation of all rules and policies.**

Bicycles in Camp

Personal Bicycles will again be permitted in camp in 2011. Those Scouts bringing their bicycles to camp must: Have the permission of their Scoutmaster; have the bike inspected and tagged by a member of the camp management, placed out of harms way; a helmet **must** be worn at all times, and bicycles are ridden with a buddy. Bicycles must appear to be in good working condition with Mountain Terrain tires (no "touring" tires are permitted). A complete list of rules will be discussed with the Scout upon inspection. Cyclists not following the rules will have their bike "impounded" for the remainder of the week. The Mohegan Council, BSA and Treasure Valley Scout Reservation will not be responsible for bicycles or equipment lost, stolen, or broken during the week.

Bicycle Riders/Owners Must-

- Wear a helmet at all times
- Observe all posted speed limits
- Give the right of way to those on foot and vehicles
- Ride only on trails that are wide enough for motor vehicles or prescribed MTB trails, **no foot trails or bridges**
- Be responsible for their bike. The Mohegan Council, BSA and Treasure Valley Scout Reservation assume no responsibility for any bike that is lost, stolen or damaged while in camp.
- Recommended to lock their bike when not in use.
- Do not park the bike on trails, roadways or access points- Park in appropriate area.
- Understand that the Staff of Treasure Valley Scout Reservation will not make any repairs to any bike not owned by the Mohegan Council.
- Assumes responsibility to any damage that may be caused during the operation of the bicycle including property or person. If the rider is found to violate any rule he/she will be warned once and upon the second infraction have the bicycle impounded for the remainder of the week of camp.
- The Mohegan Council and Treasure Valley Scout Reservation reserve the right to discontinue the use of private bicycles in camp or alter these rules at any time if it is deemed necessary.

Other Health and Safety Concerns

Adult Supervision

Supervision of campers at camp is a responsibility shared between unit leaders and camp staff.

Each unit attending camp must have a minimum of two adult leaders in camp at **all** times. If for emergency reasons two leaders are not in camp please notify the Camp Office and staff will be provided. All adult leaders in camp **MUST** have a current CORI/SORI check from the State of Massachusetts on file and must be approved by the unit committee. **CORI and SORI Forms** must be submitted to the Council Service Center by June 1st so that they can be processed by the Commonwealth of Massachusetts. Adults without a current CORI on file will not be permitted to stay over night.

NO EXCEPTIONS! Adults in camp overnight must also be BSA registered.

Adults must be conscience of their behavior while they are in camp. Excessive yelling, verbal abuse or other inappropriate actions/behaviors will be grounds for removal from camp. Please live the oath and law to its fullest.

Fireworks are illegal in Massachusetts and are also illegal in camp.

Harassment/Hazing

Harassment and hazing of any type form Scouts, leaders, staff and visitors is prohibited at Treasure Valley Scout Reservation. This includes, but is not limited to verbal, physical, sexual, initiations, etc. All local, state and federal laws will be enforced. Persons found to have engaged in such will be removed from camp immediately and proper authorities notified.

Insect Sprays

Aerosol sprays are not allowed in camp because they are a fire hazard and also tend to damage tent

Insurance

The Mohegan Council maintains an insurance policy, which covers all Mohegan Council Scouts and adults while in Camp. This policy is an excess plan. This means that if your Scout is injured at camp, your personal insurance policy becomes primary for coverage, with the camp insurance picking up any remaining amount. **All accidents must be reported to the Magee Visitor Center.** Out of council units are required to be covered by a similar council policy, by their own unit insurance, or by insurance carried by the individual.

Leaving Camp

Campers must have parental permission to leave camp at any time. Normal sign out procedures apply with permission; a copy of each camper's permission form needs to be turned into the camp office on Sunday.

Liquid Fuels

Liquid fuels are allowed in camp provided that BSA policy is followed for the safe use and storage of liquid fuels (posted in campsites). Fuels must be stored in the Ranger's Area.

Propane

Each in-site cooking campsite is equipped with a three-burner stove, grill and a hot water tank. All in-site cooking must be directly supervised by an adult 21 years of age or older. There are no pilot lights on the gas stoves and grills; therefore, this equipment must be lit manually by an adult when it is to be utilized. There is a pilot light on the hot water tank, should it go out it will need to be relit. If you need help with this please contact the Magee Visitor Center for assistance. An emergency shut off valve is located on the top of each gas tank.

Refrigeration

Treasure Valley Scout Reservation cannot store foods for Troops other than those required for special diets or medicines. Food requiring refrigeration may not be kept in the site per agreement with the Oakham Board of Health.

Security

Treasure Valley Scout Reservation is committed to providing the safest atmosphere possible. Browning Pond has public access and many people often mistake Treasure Valley as a State Park. If you notice anything or anyone suspicious, please contact the Magee Visitor Center (Camp Office) **immediately**. All leaders, scouts, and visitors leaving or arriving at camp must sign in and out at the Magee Visitor Center (Camp Office). Visitor's passes must be visible at all times.

Sheath/Throwing Knives, stars

Showers

Block showers are available to **campers** between the hours of 7:30 AM and 9:00 PM. **No adult may use the block youth showers! Private showers are available for adults at the shower house.** Appropriate clothing and footwear should be worn to and from the shower house. Please have at least one troop leader (boy or adult) accompany a group of scouts to the shower house. Shower house will be closed for cleaning daily, TBA

Program Guidelines

Selecting Merit Badges

Selecting a merit badge depends on a variety of factors: Scouts age, abilities and the Troop's Year round Program. Each scout's schedule should be challenging and push the scout towards developing self-initiative, follow through, and ultimately success with completion of the merit badge. Please pay attention to proximity of areas when making schedules and add in some free time for open sessions.

Merit Badge Pamphlets

Each Scout is required to have a copy of the Merit Badge Pamphlet for each of the Merit Badge classes he plans to take while at camp. Scouts need to bring their respective pamphlets with them to each class. For your convenience, Merit Badge Pamphlets will be available for purchase from the camp Trading Post.

Extra Help

If a scout is having trouble with any merit badge, we will give him the help he needs. Leaders are encouraged to visit each scouts Area Directors on a daily basis, they will share with the leaders the progress of the scouts as well as the attendance. It is important that any problems with a merit badge be brought to the Area Directors attention as soon as possible. If needed unit leaders may wish to contact the program director for additional assistance. It is hard to remedy a situation on Friday that has started on Monday or Tuesday. We want to work with the unit leaders and scouts to correct any issues that might hinder the success of the merit badge.

Blue Cards

Merit Badge Applications, a.k.a. Blue Cards, must be provided by the Troop/Scout. Each Scout must have a Blue Card for each Merit Badge class he is taking and turn it in to the instructor by Tuesday to get credit for the merit badge. Scouts are responsible to handle their signed cards. Scouts/Unit Leaders may bring the Blue Cards with them to camp or may purchase them at the Trading Post.

Partial Blue Card

From time to time a scout may come to camp with a partial blue card. Scouts should check in with the councilor on Monday to set up an appointment for completion. In some cases the safety issues in the merit badge may be reviewed and updated requirements may be needed to be completed before the card is signed off. Should a scout receive a partial at camp, he will receive it from the counselor. Please speak with the Camp Director regarding a partial after a Troop week, Scouts cannot just walk into camp after their week to finish a badge and remain in camp alone. We are happy to accommodate a Scout whenever possible.

Session Size and Quality

Staff members will make every effort to accommodate all scouts for merit badge sessions. However, to ensure effective counseling and safety of the particular skills required in the merit badge, we may limit merit badge classes to a reasonable number. At the same time, we will work to establish another time period that the scouts could also work on the merit badge. Please do have a secondary class in mind for time periods as class size is held for best learning potential.

Advancement Hints

- **We recommend that Scouts read over their MB Pamphlets before arriving at camp. This will familiarize the scout with the requirements and content, making it easier to earn the badge when they come to camp.**
- **Many merit badges require prior preparation.** Scouts should review requirements to see what work they need or want to begin before arrival. Proof of completion of any requirement done before arrival should be brought with the scout to his merit badge class to be reviewed by the counselor in order to receive a completion on a merit badge.
- **While you're at it, do any other requirements you can before you come to camp, especially the ones requiring paperwork. These will be reviewed by the counselor, they may need to be worked on more at camp.**
- If you are taking a badge that requires a lot of skill and practice like rifle shooting, allow free time to practice after receiving proper instruction. Free Shoot is recommended for everyone taking rifle, shotgun, and archery merit badges.
- If a Scout is going to try for the Mile Swim, he should participate in the Free Swim to build his endurance. (This has proven to be a must).
- Scouts should bring a notebook, some pencils or pens, Scout Handbook, Merit Badge Pamphlets, and any work already done. Also bring any special equipment needed, such as a pocket knife for wood carving.
- When you get to camp, be sure to go to your merit badge sessions every day. Keep up with any work or practice that you have to do at camp. Scouts must participate: be attentive and cooperative during sessions.

Brownsea Island Adventure (1st year camper program)

The Brownsea Island Program is designed for Scouts who have just joined a troop or who have recently crossed over. The boys will be placed into patrols with others from different troops. During the week they will be instructed in basic Scouting skills using a method very similar to that used by Lord Baden-Powell at the first Boy Scout summer camp on Brownsea Island.

Lord Baden-Powell once said, “*A formal lecture is apt to bore the boys,*” therefore, the majority of our skill instruction will involve hands on activities which will promote true learning.

The boy’s time will be spent as follows:

- **Brownsea Troop Time:** Inter-patrol activities, overnight campout, and special topics.
- **Patrol Time:** Instructional time to learn Scout skills and patrol method.
- **Camp Time:** An opportunity to sample program areas offered by the camp.
- **Free Time:** Time for the boys to relax during their day and get to know the members of their “new” troop.

Though the boys will learn many Tenderfoot through Second Class requirements in their Boy Scout Handbook, the goal is not to advance their rank in one week. Our goal is to teach the basic Scout skills needed to function successfully in your troop while keeping them enthusiastic about the Scouting program. The program is designed as a half day program in the morning or afternoon, your specified time will be determined at the Monday Night pre-camp planning meeting. Please consider either option when discussing scheduling with your scouts. The highlight for the program is the overnighter on Thursday night. Please make sure to have your scouts bring a back pack or at least a duffle and a troop tent for this great experience.

The Patrol Method

“The Patrol System is the one essential feature in which Scout training differs from that of all other organizations, and where the system is properly applied, it is absolutely bound to bring success. It cannot help itself!” –Lord Baden Powell

The heart of the Scouting method is the use of patrols. The idea that a troop is just a mass of boys is not a part of Scouting. Each troop should have its boys organized into patrols at home and should also follow through with this system at camp. The boys, through their Patrol Leader and Senior Patrol Leader should run the troop’s program at camp. When planning your program at camp, make room for patrol activities and make sure that the program is planned with the PLC.

The following are things that your Scouts plan to strengthen the patrol method at camp:

- Troop Campfires
- Patrol Hikes
- Inter-patrol Competitions
- Campsite Inspections
- War Canoe Races
- Troop Swims
- Mountain Bike Rides
- Scoutcraft Projects
- Conservation Projects
- Service Projects

We will promote the Scouting Spirit this year by encouraging patrols to bring their patrol flag to camp and sing their patrol yell/chant often.

Other opportunities available to your troop/patrol include:

Volleyball Please make arrangements through the Sports Center Staff for Troop use during the week.

Horseshoe Pit- Treasure Valley Scout Reservation has redesigned horseshoe pits for use during your stay. Please make arrangements through the Sports Center Staff.

Basketball, Disc Golf, and Driving range. Geo-caching (scoutcraft)

All visitors must leave the Reservation by 10:00 PM nightly. In the event of an emergency or drill all visitors must report to the Magee Center.

If a parent or guardian of a Scout would like to see how our Treasure Valley operates, they may make an appointment with the Camp Director to do so for a Friday prior to their son's week at camp. Adults who are not part of the Troop leadership will be asked to not tour camp during weekly operation, if they wish to visit their son it is through their unit leader and in their campsite. Homesickness is a reality of resident camp that gets compounded when homesick Scouts witness family gatherings around camp. Thank you, Stephanie Keimig, Camp Director Please contact me with any inquiries related to this subject. Parents are encouraged to attend the Special Friday Night Events between 5:30 PM and 9:30 PM. Retreat will be held on Boonesville Plains around 7:30 PM followed by a campfire at the council ring.

Visitors Meals

Visitors are welcome to join us for a meal. Tickets may be purchased at the Magee Center. Advance notice is preferred to ensure adequate quantities. We cannot assure meals without a weeks notice.

Friday Night BBQ

We will have a Camp Wide BBQ at Pine Point on Friday Night. Tickets for Visitors must be purchased in the Magee Center by Tuesday Morning at 11:30 AM. Those showing up without a ticket will not be served.

Security

Treasure Valley Scout Reservation is committed to providing the safest atmosphere possible. Browning Pond has public access and many people often mistake Treasure Valley as a State Park. If you notice anything or anyone suspicious, please contact the Magee Visitor Center (Camp Office) immediately. All leaders, scouts, and visitors leaving or arriving at camp must sign in and out at the Magee Visitor Center (Camp Office). Visitor's passes must be visible at all times. For security reasons, the main gate to camp may be locked at anytime. Arrangements can be made with the Magee Visitor Center if needed.

Preventing Homesickness

“I WANNA GO HOME!”

Most people who have ever spent time in summer camp or even at another home for any extended period of time have felt the awful pit in their stomach of home sickness. It is typically fear of the unknown; unknown surroundings, people, routine.

I can remember the feeling like it was yesterday—the dull pain coming from the hollow pit in my stomach, the overwhelming sense of fear, the terrible feeling that I was lost and alone, even though I knew the people around me. To top it off, I was horrified at the thought that I would feel like this for days on end. That is, of course, unless I could do the one thing that would make it all better—**go home**. When homesick kids tell me, “You don’t understand!” they couldn’t be farther from the truth. I was horribly home sick as a youth, I felt terrified at night in a different surrounding in New Hampshire, and I was convinced I wouldn’t make it through the night. To my surprise the next morning, I did. I had fun and each night it got easier. I would be lying if I said it went away totally, but by the end of the week away from home I found a new sense of achievement, I did it. I could be by on my own without my family and function, even had fun and felt accomplished. That was a turning point of my youth; I was then able to travel around the country as my Mother worked for the airlines. I frequently travelled alone to relatives homes in Florida and California. The ability to have confidence in ones abilities is a wonderful thing which the Scouting program, and Boy Scout Resident Camp affords our boys. I was not able to have that particular experience, but am proud to be part of a program that offers such great opportunities.

As adults we may minimize the experience that young children go through when they are homesick. Even if we do begin to understand what a difficult thing it can be, we know that our children must at some point leave the home without being traumatized, so we figure they just have to deal with it. While that is often the only way to handle it, it would be better if homesickness could be prevented all together, or at least minimized in its effect on our kids. Sounds too good to be true? Maybe not...

Dr. Christopher Thurber at UCLA has done extensive research in the area of children’s experience of homesickness (you guessed it—he was a homesick camper too). He has come up with several suggestions for preventing homesickness before it appears.

GETTING READY FOR CAMP

We all know getting ready for camp means pulling out the sleeping bag and flashlight, but if you are sending a kid to camp for the first time, there’s lots of *emotional* prep work that needs to be done as well. Here are three “P’s” of Dr. Thurber’s tips:

1) **Practice**: Don’t let camp be the first time a child is away from home. That would be enough to handle alone, without the fact that it’s at least a week in an unknown place, often miles from home. Weekends with grandparents or other family or friends are great “practice runs” even if your child doesn’t know it. They learn that when they leave home, the world doesn’t fall apart, and they eventually come home again having enjoyed great experiences. If the Scout has not attended a campout with their unit, camping in a tent with other boys their age, even in the backyard, is very important. If parents wish to be out there with them, that is okay, please set up another tent. The point is for the progression of a family tent to an independent situation, moving to the boys in the backyard by themselves if possible.

2) **Preview:** Part of a child's preparation will be knowing what to expect at camp. Talks with other campers who have been to camp before, seeing their pictures, or showing them pictures of the camp from our website at www.mohegancouncilbsa.org can all help them preview what they will experience.

3) **Prepare:** Promising your child you'll bring them home if they don't have a good time is the same as saying "If you want to come home, here's what to do: **don't have a good time.**" I've seen more than one homesick camper trying this as their best shot at getting home. Once a child knows they are at camp to stay, they will make the effort to have a good time, but not before. You can always change your mind later, but do your child the favor by *not* letting them in on the option of an early departure. All kids miss home when they are away (well, OK, maybe not the teens). That's normal. Tell your child that they may feel this way and that it's OK. Another big help is to let them know that *you* will be OK. Many kids' homesickness comes from worrying about how parents are doing at home. Some good intentioned parents tell their kids, "Mommy and Daddy are going to miss you SO MUCH." Instead of conveying love, it tells the kids you need them at home. Let them know that while you will miss them, you will be happy knowing they are having a great time.

Trust in your unit leader, Troop and camp staff to assist your son through this experience. Many of them have been in the same place and have great empathy.

WELL, WE TRIED

So, you did all that and still you have a hysterical child calling from the camp director's office? If we think that an early departure is wise, we will tell you. If we do have to call, it's probably a tactic being used in the camp's treatment of the homesickness. The best thing you can do is support the plan the Scout Master and director are working on, which will probably include: letting the Scout talk about his or her feelings without dwelling too long on them, writing letters and, most importantly, keeping busy. Receiving letters from home will be comforting (you may have to send one before the child leaves to arrive early in the session). Phone calls and visits usually make homesickness much worse, so please refrain from calling the Camp except for an emergency, or visiting. If some time passes and the child isn't able to deal better with the homesickness, the camp director may suggest an early departure. If that's the case, it will be helpful to reinforce the fact that the child tried in the first place, and leave a door open for next year.

Letters should include positive thoughts such as "we are so excited to hear about the accomplishments of the week, your stories of camp activities, about friends you made, favorite camp memories", etc. The last thing the boys should hear about is the favorite meal they missed, the family pet misses them so much that they won't eat or is sleeping on their bed waiting for their return; you miss them so much, their grandparents visited during their absence, you get the picture. Parent's confidence in the Camp Program and Leadership, as well as the confidence in the Scout that you know they will have fun and do well, is often the most critical piece of a Scout's success. We appreciate your support!

With the right preparation and the right cooperation between parents and camp staff, your child can gain the invaluable experience of being okay away from home. While that is happening, parents can enjoy a guilt-free week or two of peace and quiet, knowing their child is taking some great big steps toward growing up and conquering one of the Scout Laws, being Brave.

Facilities

Treasure Valley Scout Reservation has more than 1,600 acres of wooded areas, nature, and Browning Pond. Licensed food service providers prepare three nutritious meals daily in the East Lodge. Additionally, we receive licenses and permits from the Towns of Oakham, Paxton, Spencer and Rutland and the Commonwealth of Massachusetts. Additionally, Treasure Valley is inspected by a national accreditation team from the Northeast Region of the Boy Scouts of America.

Inspections

Campsites will be inspected daily by a member of the camp staff or designee as announced. Recognitions will be provided to sites found in good repair and clean.

Tents

Tents at Treasure Valley Scout Reservation are the property of the Mohegan Council, BSA. Many of the tents are new and others have been set up in good condition. Troops are responsible for any damage occurring to the tent during their stay. This includes rips, holes, burns, bending or breaking of poles, etc. If you notice damage upon your arrival, it is your responsibility to discuss this with your Troop Guide or the Ranger staff. Members of the opposite sex are never permitted in the same tent. Visits must take place in an open area (i.e. under the dining fly or hard roof shelter). Per Youth Protection Guidelines, adults and youth do not share the same tent. Visitors, Scouts and Leaders are not permitted in the staff camping area- including tents and housing.

Trash

Treasure Valley must properly dispose of all trash and garbage. Units must manage their own trash and garbage by placing it in plastic trash bags, and depositing them in a dumpster. No trash or garbage should remain in unattended campsites to prevent the wildlife from “trashing” your site.

NO trash or garbage should be left in a campsite overnight.

Dumpster Locations:

- Commissary – near loading dock (1)
- East Lodge - parking lot (2)
- Ranger Station – near barn wall (1)

All areas of camp should be policed regularly for trash left on the ground. TVSR is your CAMP, please help keep it clean

Upon request, special arrangements can be made at the camp office for trash pickup. All trash must be placed in plastic bags and left at the curb of the camp road, outside the campsite. Trash pick up times will be assigned. Please be sure all trash is in the designated location at the assigned time.
